

SEEDS of LIGHT

Words & Music by James Nihan - Published by Composure Music (ASCAP)
From the CD "All Creation"

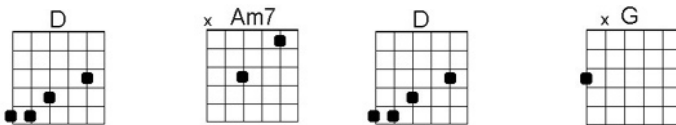

(Tuning: E-A-D-G-B-C)

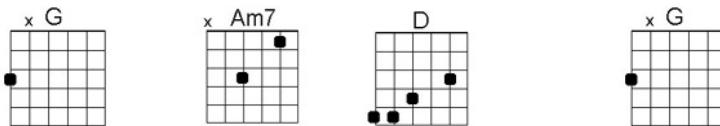

Once there was a spark - A little seed of light

Drifting through the dark - Just wanting to be bright

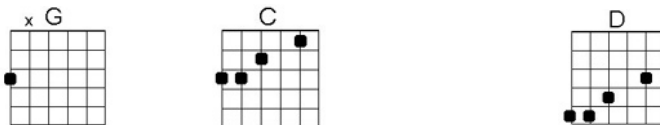

It gently fell to earth - And joyfully it grew

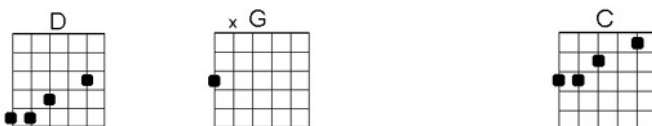

Emerging in its birth - As the miracle of you

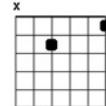

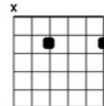

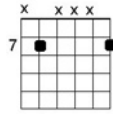

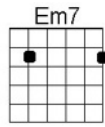

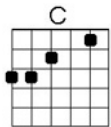

CHORUS:

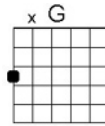

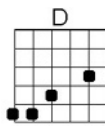

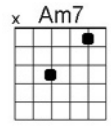

We are seeds of light - Children of the sun

We are born to shine - Angels, everyone

We are seeds of light - Sown with love

Pieces of the dream - God was dreaming of

(Verse 2)

When tears and fears arise
When rain and shadows fall
Don't you close your eyes
You can love it all
Life was meant to live
Embrace it from the start
Remembering to give
That spark inside your heart

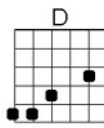

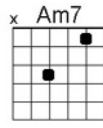

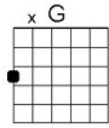

(Repeat Chorus)

(Verse 3)

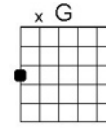

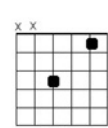

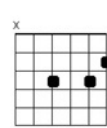

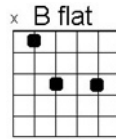

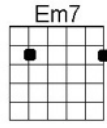

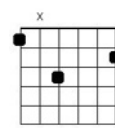

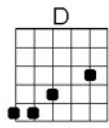

Wherever you should go
Whatever you become
May you always know
Where you started from
And may you never learn
To hide the light you are
One day you'll return
To heaven as a star

(Repeat Chorus)

TAG:

We are God's design - We are born to shine

We are seeds of light
